

From Principal Kelley

Please read below for information about the proposed House Bill 7069 that could significantly impact our school district and South Woods Elementary.

SUPERINTENDENTS CALL UPON THE GOVERNOR FOR VETO

Florida superintendents stand united in calling upon Governor Rick Scott to veto HB 7069 and the Florida Education Funding Program (FEFP) in the General Appropriations Act.

Superintendent’s primary concern is the devastating impact this legislation will have on Florida’s public schools. “Florida superintendents cannot support HB 7069 or the budget due to the negative impact on public education,” states FADSS President and Escambia County Superintendent Malcolm Thomas. “The budget fails to meet the basic funding needs of Florida’s nearly 2.8 million public education students, and despite some good education policy in HB 7069 the overall damage to public education far outweighs the good,” adds Thomas. “With a united voice, we call upon the Governor to veto HB 7069 and the FEFP in support of Florida public education,” states Thomas. The issues of greatest concern include:

Budget

The Base Student Allocation (BSA) - which is the basic per student revenue that funds programs that serve Florida students – is being cut so many school districts will experience an overall cut in per student funding.

Title I

The Title I provision in HB 7069 threatens to put district-wide services at risk, particularly impacting students in poverty. Title I is a federal program that provides funds to school districts to serve economically disadvantaged students. The current proposal would limit the ability of school districts to provide district-wide services and would place undue restraints on a district’s ability to target specific services to support the needs of Florida’s most vulnerable students.

Please take a moment to contact Governor Scott and ask that he vetoes HB 7069.

The Honorable Rick Scott  
Governor, State of Florida  
The Capitol, Plaza Level 05

Community Partnership School Update

We are happy to share some of the successes we have been able to achieve here at South Woods Elementary with our new Community Partnership School (CPS) initiative. The placement of our Director in January, Mr. Chris Stone, was the first step in implementing the CPS model along with adding our Communications, Legislative, Executive & Community Leadership councils. We have also been fortunate to partner with local agencies such as St. Johns County Library, 4-H, READ program, Good News Club & others to provide fourth grade summer programming.

**Where are we now?**

We’re right in the community, collecting information from students, families and teachers to determine priorities as we implement the community partnership school strategy.

**Is South Woods Elementary transitioning to A Community Partnership School?**

Yes. This means as services and resources are added at the South Woods Elementary campus, the school site will transform from a traditional school to a Community Partnership School campus.

**What does this mean to the community?**

It’s an opportunity to unite for a shared vision and purpose. As the community and school work together, we can align resources and opportunities to address significant challenges and best prepare students for lifelong success.

**2017-18 School Year**

Be on the lookout for new updates about programing we hope to offer in the near future for our students! Some of those include a Student Leadership Council, Afterschool Programs, Summer Programs and other services on campus throughout the year.

**FOOD THAT’S IN WHEN SCHOOL IS OUT!**

Any student who is 18 years of age or younger may receive free, nutritious meals at SOUTH WOODS ELEMENTARY SCHOOL from June 5<sup>th</sup> until July 12<sup>th</sup>. W.E. HARRIS COMMUNITY CULTURAL ARTS CENTER or THE TEEN CENTER in Hastings will also be serving meals during the summer months beginning June 5<sup>th</sup>-July 21<sup>st</sup>. Please call 904-547-8932 or 211 to inquire about the serving times or any additional locations serving meals.
